WHAT IS YOUR BUDGET ?:

UNDER \$5000 \$5000-\$10000 \$10000-\$15000 \$15000-\$20000 \$20000-\$30000 \$40000+

MEASURE YOUR ROOM

- Measure the length and width from wall to wall and the height from floor to ceiling. Plot onto graph paper found at the end of this document.
- Note size and location of windows and doors (measure to the outsides of the architraves).
- Note the location of existing plumbing, gas and electrical outlets.
- Ignore existing cabinets unless we are working to an existing footprint, in which case lightly sketch them in.
- Photograph the room and email these

COLLATE INFORMATION USING CHECKLIST

- Note size and style of appliances and sink.
- Collate any ideas or styles you may like.
- Note any special needs for use of space or storage.
- Determine a budget for your project.
- Do you require removal of the existing cabinets?
- Do you require other trades to be co-ordinated by us?

MAKE AN APPOINTMENT WITH OUR DESIGNER

- Contact us to schedule an appointment with our designer
- We will use your rough plan to create the best layout to suit your needs and budget.
- Our showroom has lots of storage ideas and materials on display for you to look at.

QUOTATION FORMALISED

- We will email a quotation based on the agreed layout and finishes that have been selected.
- We can include estimates for removal/ installation and for plumbers, electricians, plasterers and tilers depending on your needs.

PLACE YOUR ORDER

- Confirm your order with a deposit.
- Your deposit will secure your timeframe, pricing & commence drawings
- We will call you to arrange a time to come out and do a check measure
- Supply us with all makes and model numbers for your fridge, appliances and sinks. These can be delivered to us and we will store them and bring them with your cabinets.

REVIEW PLANS AND 3D IMAGES

- Meet with us to review and discuss your design.
- We will make sure that everything will fit perfectly.
- Confirm the design and materials – sign them off

INSTALLATION

- We will co-ordinate an installation date with you. This will be from three-plus weeks depending on materials being used and production lead times.
